To: Our Shareholders

Dear Sir/Madam,

PROPOSED RENEWAL OF AUTHORITY FOR SHARE BUY-BACK

1. INTRODUCTION

At the 23rd AGM held on 15 July 2020, we obtained your authorisation for the proposed purchase of up to 10% of the total number of issued shares of our Company.

The existing authority for Share Buy-Back is subject to annual renewal and shall lapse at the conclusion of our forthcoming 24th AGM unless renewal is obtained.

On 2 March 2021, we announced that we propose to seek shareholders' approval for the Proposed Renewal of Authority for Share Buy-Back at the forthcoming AGM.

The purpose of this Statement is to provide you with the details of the proposal, to set out the recommendation of the Board of Directors and to seek your approval for the ordinary resolution to be tabled at the forthcoming AGM as set out in the Notice of AGM.

SHAREHOLDERS OF AHB ARE ADVISED TO READ AND CONSIDER CAREFULLY THE CONTENTS OF THIS STATEMENT TOGETHER WITH THE APPENDICES CONTAINED HEREIN BEFORE VOTING ON THE RESOLUTION PERTAINING TO THE PROPOSED RENEWAL OF AUTHORITY FOR SHARE BUY-BACK TO BE TABLED AT THE FORTHCOMING 24TH AGM.

2. DETAILS OF THE PROPOSED RENEWAL OF AUTHORITY FOR SHARE BUY-BACK

The Board proposes to seek renewal of the authorisation from our shareholders for us to purchase up to a maximum of 10% of the total number of our issued shares at any given point in time, if it deemed fit and expedient. Any purchase of our own shares by us will be made in accordance with the provisions of the Act, MMLR, our Company's Constitution and any prevailing laws, regulations, rules and guidelines of relevant authorities (as may be amended, revised, modified or re-enacted from time to time).

The salient information on the Share Buy-back are as follows:-

2.1 Quantum

The maximum number of Shares which may be purchased by us shall not exceed ten per centum (10%) of our total number of issued shares. For illustrative purpose, we may purchase up to 9,755,368 Shares representing approximately ten per centum (10%) of our total number of issued shares of 97,553,682 as at the LPD.

2.2 Timeframe

The authority for the Share Buy-back will be effective immediately upon the passing of the ordinary resolution at our forthcoming AGM and shall continue to be in force until:-

- (a) the conclusion of our next AGM following the general meeting at which such resolution was passed at which time it shall lapse unless by ordinary resolution passed at that meeting, the authority is renewed, either conditionally or subject to conditions; or
- (b) the expiration of the period within which the next AGM after that date is required by law to be held; or
- (c) revoked or varied by ordinary resolution passed by our shareholders in a general meeting,

whichever occurs first ("Authority Period").

The Share Buy-Back will allow the Board to exercise the power to purchase our own shares at any time during the Authority Period.

2.3 Sources of Funds

The Share Buy-Back shall be made out of retained profits. We therefore propose to allocate an amount not exceeding our audited retained profits for the purpose of the Share Buy-Back. Based on our Company's latest audited financial statements as at 30 November 2020, the retained profits amounted to approximately RM4,156,616. The funding for the Share Buy-Back is expected to come from internally generated fund.

The Share Buy-Back is not expected to have a material impact on our cash flow position. In addition, our Board will ensure that we satisfy the solvency test as stated in Section 112(2) of the Act before implementing the Share Buy-Back.

2.4 Pricing

Pursuant to Paragraph 12.17 of the MMLR, we may only purchase our shares at a price which is not more than 15% above WAMP for the 5 Market Days immediately preceding the date of the purchase(s).

Pursuant to Paragraph 12.18 of the MMLR, we may only resell or transfer any treasury shares on Bursa Securities at a price, which is:

- (i) not less than the WAMP for the 5 Market Days immediately before the day of the resale or transfer; or
- (ii) a discounted price of not more than 5% to the WAMP for the 5 Market Days immediately before the date of resale or transfer, provided that:
 - (a) the resale or transfer takes place not earlier than 30 days from the date of the purchase; and
 - (b) the resale or transfer price is not less than our cost of purchase of the shares being resold or transferred.

2.5 Treatment of Purchased Shares

In accordance with Section 127(4) of the Act, the Board may deal with any of the Purchased Shares under the Share Buy-Back in the following manner:

- (i) to cancel the Purchased Shares;
- (ii) to retain the Purchased Shares as treasury shares; or
- (iii) to retain part of the Purchased Shares as treasury shares and cancel the remainder of the shares.

Accordingly, based on Section 127(7) of the Act, where such Purchased Shares are held as treasury shares, the Board may, at their discretion:

- (i) distribute the Purchased Shares as dividends to our shareholders, such dividends to be known as “share dividends”;
- (ii) resell the Purchased Shares or any of the Purchased Shares in accordance with the relevant rules of Bursa Securities;
- (iii) transfer the Purchased Shares or any of the Purchased Shares for the purpose of or under an employees' share scheme;
- (iv) transfer the Purchased Shares or any of the Purchased Shares as purchase consideration;
- (v) cancel the Purchased Shares or any of the Purchased Shares; or
- (vi) sell, transfer or otherwise use the Purchased Shares for such other purposes as the Minister may by order prescribe.

Pursuant to Section 127(8) of the Act, if the Purchased Shares are held as treasury shares, the rights attached to them in relation to voting, dividends and participation in any other distribution and otherwise are suspended. In accordance with Section 127(9) of the Act, the treasury shares shall not be taken into account in calculating the number or percentage of shares or of a class of shares in our Company for any purposes including substantial shareholding, takeovers, notices, the requisitioning of meetings, the quorum for a meeting and the result of a vote on a resolution at meetings.

The decision whether to retain the Purchased Shares as treasury shares, or to cancel the Purchased Shares or a combination of both, will be determined by the Board at the appropriate time.

Our Company will make an immediate announcement to Bursa Securities of any purchase or resale of the Shares and whether the Purchased Shares will be cancelled or retained as treasury shares or a combination of both.

2.6 Public shareholding spread of AHB

The Share Buy-Back will be carried out in accordance with the Prevailing Laws at the time of the purchase including compliance with the 25% shareholding spread requirements as set out in Paragraph 8.02(1) of the MMLR.

Based on the Record of Depositors of the Company as at the LPD, the public shareholding spread of our Company stood at 60,787,844 Shares, representing 62.31% of the total number of issued Shares.

The Board is mindful of the requirement that any purchase of the Shares by us must not result in our public shareholding spread falling below 25% of the total number of issued Shares.

2.7 Previous purchases, resale and cancellation of treasury shares

Our Company has not made any purchases of our own shares in the 12 months preceding the date of this Statement and thus, there is no resale, transfer or cancellation of treasury shares to-date.

2.8 Historical prices of the Shares

The monthly highest and lowest market prices of the Shares traded on Bursa Securities for the preceding 12 months from March 2020 to February 2021 are as follows:

	High	Low
	RM	RM

The last transacted price of the Shares on 3 March 2021, being the last practicable date prior to the printing of this Statement, was RM1.88.

2.9 Implications relating to the Rules

As it is not intended for the Share Buy-Back to trigger the obligation to undertake a mandatory offer under Paragraph 4.01 of the Rules, by any of our substantial shareholders and/or parties acting in concert with them, the Board will ensure that such number of Shares are purchased, retained as treasury shares, cancelled or distributed such that the Share Buy-Back would not result in triggering any mandatory offer obligation on the part of our substantial shareholders and/or parties acting in concert with them. In this connection, the Board is mindful of the requirements when making any purchase of the Shares pursuant to the Share Buy-Back.

3. RATIONALE OF THE SHARE BUY-BACK

The Share Buy-Back, if exercised, is expected to potentially benefit us and our shareholders as follows:

- (a) We would expect to enhance our EPS (in the event where the Directors resolve to cancel the Purchased Shares and/ or retain as treasury shares and the treasury shares are not subsequently resold), and thereby long-term and genuine investors may expect to benefit from the increase in value of their investments in the Shares;
- (b) If the Purchased Shares are kept as treasury shares, the Directors may have an opportunity to sell the Purchased Shares at a higher price and make exceptional gain. Alternatively, the Purchased Shares can be distributed as share dividends to our shareholders or transfer to employees under an employees' share scheme and serve as reward to our shareholders / employees; and
- (c) We may be able to stabilise the supply and demand of the Shares in the open market and thereby support our shares' fundamental value.

4. POTENTIAL ADVANTAGES AND DISADVANTAGES OF THE SHARE BUY-BACK

4.1 Potential advantages of the Share Buy-Back

- (i) The Share Buy-Back, if implemented, will allow us to take preventive measures against speculation which would in turn, help stabilise the market price of the Shares and hence, enhance investors' confidence.
- (ii) We would have the opportunity to realise potential capital gains if the Purchased Shares are resold at prices higher than the purchase prices and such proceeds may be subsequently utilised for working capital and investment opportunities that may arise in the future.
- (iii) The Purchased Shares (if retained as treasury shares) may serve as an alternative to reward our shareholders in the event we distribute the treasury shares as share dividends.

4.2 Potential disadvantages of the Share Buy-Back

- (i) It will reduce the immediate financial resources if the Share Buy-Back is implemented. However, our financial resources may recover or even increase if the Purchased Shares are held as treasury shares and resold in the market at higher prices.
- (ii) We may have to forego other investment opportunities which may emerge in the future and/or any income that may be derived from other alternative uses of such funds, such as deposit in interest bearing instruments.
- (iii) Our cash flow may be affected if we decide to utilise bank borrowings to finance the Share Buy-Back.

The Board does not expect the Share Buy-Back to result in any material disadvantage to us and our shareholders as it will be implemented only after taking into consideration that there is adequate cash flow to fund our Group's working capital requirements and dividends to be paid to our shareholders prior to allocating the available resources for the Share Buy-Back. As mentioned in **Section 2** of this Statement, the Board, in exercising any decision to purchase any Shares will be mindful of the interests of our Company, Group and shareholders in implementing the Share Buy-Back.

5. EFFECTS OF THE SHARE BUY-BACK

5.1 Issued share capital

The Share Buy-Back, if carried out in full and the Shares so purchased are cancelled, will reduce our issued and paid-up share capital as at 3 March 2021 by 9,755,368 Shares from 97,553,682 Shares to 87,798,314 Shares. However, there will be no effect on our issued and paid-up share capital if the Shares so purchased are retained as treasury shares.

5.2 NA per Share and gearing

The effect of the Share Buy-Back on our NA per Share is dependent on factors such as the number of the Shares which we will buy-back, the purchase price of the Shares at the time of the buy-back, the treatment of the Purchased Shares and the funding cost, if any.

The Purchased Shares that are retained as treasury shares would decrease the consolidated NA by the acquisition cost of the treasury shares, as the treasury shares are required to be carried at cost and would be offset against the equity. The acquisition costs for future Purchased Shares are unknown at this juncture. If the treasury shares are subsequently cancelled or distributed as share dividends, there will be no additional effect on our consolidated NA.

In the event the Purchased Shares that are retained as treasury shares are resold in the open market on Bursa Securities, our consolidated NA will be affected by the resale value of the Shares. In the event the resale value is higher than the cost, there would be a net increase in our consolidated NA. On the contrary, in the event the cost is higher than the resale value, there would be a net decrease on the consolidated NA.

If the Purchased Shares are retained as treasury shares, cancelled and/or distributed as share dividends, our consolidated NA per Share will decrease if the purchase price of the Shares exceeds the consolidated NA per Share, and if the consolidated NA per Share exceeds the purchase price of the Shares, the consolidated NA per Share will increase.

5.3 EPS

The effects of the Share Buy-Back on our earnings are dependent on the purchase price of the Shares and the effective funding cost of such purchases or loss in interest income to our Group, if internally generated funds are utilised.

Furthermore, the Share Buy-Back, regardless if the Purchased Shares are maintained as treasury shares or cancelled, will result in a lower number of Shares being used for the purpose of computing the EPS. Hence, the Share Buy-Back will likely improve our EPS, which in turn is expected to have a positive influence on the market price of the Shares.

In the event the Purchased Shares which are retained as treasury shares and subsequently resold, the extent of the effect on our earnings will depend on the actual selling price, the number of treasury shares resold and the effective gain or loss, and the interest savings arising from the exercise.

5.4 Convertible securities

As at the LPD, we do not have any existing convertible securities.

5.5 Working capital

The Share Buy-Back will result in cash outflow and thereby reducing our working capital, the quantum of which is dependent on the purchase prices and the number of Shares repurchased and the funding costs, if any. Nevertheless, the Board will take into consideration, the interests of our Company and our shareholders as well as to assess our working capital requirements prior to the Share Buy-Back.

5.6 Dividends

The Share Buy-Back, if carried out, is not expected to have any material impact on the Board's decision on the payment of dividends. Nonetheless, if the Purchased Shares are retained as treasury shares, the treasury shares may be distributed as dividends to the shareholders if we so decide.
