1. INTRODUCTION

The Board had on 5 March 2025 announced that the Company proposed to seek shareholders' approval for the Proposed Renewal of Existing Shareholders' Mandate at the forthcoming Twenty-Eighth ("28th") AGM of the Company.

The existing authority for the Shareholders' Mandate, which was approved by the shareholders at an AGM of the Company held on 23 May 2024, shall, in accordance with the Listing Requirements, lapse at the conclusion of the forthcoming 28th AGM of the Company, unless renewal is obtained from the shareholders of AMTEL at the forthcoming AGM of the Company.

The purpose of Part A of this Circular/Statement is to provide you with the details of the Proposed Renewal of Existing Shareholders' Mandate and to seek your approval for the ordinary resolution to be tabled at the forthcoming 28th AGM of the Company. The notice of the 28th AGM, together with the proxy form, is enclosed in the Annual Report 2024.

- (i) the transactions are in the ordinary course of business and are on terms not more favourable to the Related Party than those generally available to the public;
- (ii) the shareholders' mandate is subject to annual renewal, and disclosure is made in the annual report of the aggregate value of transactions conducted pursuant to the shareholders' mandate during the financial year where the aggregate value is equal to or more than the threshold below in relation to a listed issuer with a share capital of less than RM60 million:
 - (a) the consideration, value of the assets, capital outlay, or costs of the RRPT is RM1 million or more; or
 - (b) any one of the percentage ratios of such RRPT is 1% or more,whichever is the lower.
- (iii) the listed issuer's circular to shareholders for the shareholders' mandate includes the information as may be prescribed by Bursa Securities. The draft circular must be submitted to Bursa Securities together with a checklist showing compliance with such information;
- (iv) in a meeting to obtain the shareholders' mandate, the interested Director, interested Major Shareholder, or interested Person Connected with a Director or Major Shareholder, and where it involves the interest of an interested Person Connected with a Director or Major Shareholder, such Director or Major Shareholder must not vote on the resolution to approve the RRPT. - (v) the listed issuer immediately announces to Bursa Securities when the actual value of an RRPT entered into by the listed issuer exceeds the estimated value of the RRPT disclosed in the circular to shareholders by ten per centum (10%) and must include the information as may be prescribed by Bursa Securities in its announcement.

The Proposed Renewal of Existing Shareholders' Mandate is subject to annual renewal. The Proposed Renewal of Existing Shareholders' Mandate, if approved, will take effect from the date of the passing of the ordinary resolution proposed at the forthcoming 28th AGM of the Company and will only continue to be in force until:

2.5 Rationale

The RRPTs to be entered into by the Group are all in the ordinary course of business and would contribute to the generation of revenue for AMTEL Group.

They are recurring transactions of a revenue or trading nature that are likely to occur with some degree of frequency and arise at any time and from time to time. Some of these RRPTs may be time-sensitive, and it may be impractical to seek shareholders' approval on a case-to-case basis before entering into such RRPTs.

The Proposed Renewal of Existing Shareholders' Mandate and the renewal thereof, on an annual basis, would eliminate the need to announce and/or to convene separate general meetings from time to time to seek shareholders' approval as and when potential RRPTs value is equal to or exceeds the percentage ratio (as prescribed in Chapter 10 of the Listing Requirements). This would substantially reduce administrative time, inconvenience, and expenses associated with convening such meetings on an ad-hoc basis and allow manpower resources and time to be channelled towards attaining other corporate objectives.

2.6 Methods or procedures for determining the terms of RRPTs

The Company has implemented the review and disclosure procedures for the RRPTs to ensure that the RRPTs are conducted on an arm's length basis, undertaken on transaction prices and are based on normal commercial terms consistent with the Company's usual business practices and are on terms that are not more favourable to the Related Parties than those generally available to the public and are not to the detriment of the minority shareholders of the Company.

To monitor the RRPTs, the following review and disclosure procedures have been implemented:

- (i) All companies within the Group are informed of the review procedures applicable to RRPTs;
- (ii) Management of AMTEL will ensure that only the RRPTs are entered after considering the pricing, expertise, and other related factors. The transaction prices will be determined by market forces, similar to those prices for transactions with the unrelated third party, and references will be made to surveys and/or valuations to be undertaken to gather information on market prices;
- (iii) There is no specific threshold for the approval of RRPTs. All RRPTs are reviewed and approved by authorised personnel, i.e., the Board and members of the Audit Committee, who has no interest in the transaction;
- (iv) At least two (2) other contemporaneous transactions with unrelated third parties for similar products/services and/or quantities will be used as a comparison, wherever practicable and/or possible, to determine whether the prices and terms offered to/by the Related Parties are fair and reasonable and comparable to those offered to/by other unrelated third parties for the same or substantially similar types of products/services and/or quantities. In the event that quotation or comparative pricing from unrelated third parties cannot be obtained, Management shall review the transaction prices based on their usual business practices to ensure that the RRPTs are not detrimental to the Company or the Group;
- (v) A register will be maintained by the Company to record all RRPTs and will be made available to the Audit Committee for its quarterly review;
- (vi) The Audit Committee will undertake a periodic review of the RRPTs to ensure that such transactions are undertaken at arm's length, on normal commercial terms, on terms not more favourable to the Related Parties than those generally available to the public, and are not, in the Company's opinion, detrimental to the minority shareholders of the Company. In its review and approval of such transactions, the Audit Committee may, as it deems fit, request additional information pertaining to the transactions from independent sources or professionals;
- (vii) All RPTs to be entered by the Group shall be subject to the review and approval of the Audit Committee or Board before the transactions are carried out;
- (viii) AMTEL will make disclosures in its annual report of the breakdown of an aggregate value of transactions made pursuant to the shareholders' mandate during the financial year and for the

subsequent financial years in which the mandate remains in force based on the types of RRPTs made and the natures of the relationships of the Related Parties and the Group; and

- (ix) In the case of RRPTs, where any of the Directors has a direct or indirect interest, he/she shall abstain from all deliberations and voting in respect of the said transaction. In addition, where any member of the Audit Committee is interested in any transaction, that member shall abstain from voting in any matter relating to any decision to be taken by the Audit Committee with respect to such transaction.

2.7 Amount due and owing by the Related Parties

No amount due and owing to the AMTEL Group by the Related Party pursuant to the RRPTs, has exceeded the credit term as at the LPD. As such, the disclosure, as required under Paragraphs 16A and 16B in the Annexure PN12-A of the Listing Requirements, are not applicable.

2.8 Conditions and disclosure of the Proposed Renewal of Existing Shareholders' Mandate

The Proposed Renewal of Existing Shareholders' Mandate is subject to annual renewal and shall continue to be in force until the next AGM of the Company, at which the Proposed Renewal of Existing Shareholders' Mandate will be tabled annually or revoked or varied by resolution passed by the shareholders of the Company in a general meeting, whichever shall first occur. The breakdown of the aggregate value of the RRPTs entered into pursuant to the Proposed Renewal of Existing Shareholders' Mandate will be disclosed in the annual report of the Company based on the type of the RRPTs, and the name of the Related Party involved in each type of the RRPTs entered into and their relationships with AMTEL Group.

In addition, pursuant to Paragraph 2.5 of Practice Note 12 of the Listing Requirements, if the actual value of the RRPTs entered into by AMTEL Group exceeds the estimated value of RRPTs disclosed in the Circular/Statement by ten per centum (10%), AMTEL would make an immediate announcement to Bursa Securities.

2.9 Statement by the Audit Committee

The Audit Committee of AMTEL has reviewed the procedures as mentioned in **Section 2.6** of this Circular/Statement and is of the view that the existing guidelines and procedures for the RRPTs are sufficient to ensure that such transactions will be carried out at arm's length, on normal commercial terms, which are not prejudicial to the interests of minority shareholders of the Company, on terms no more favourable to the Related Parties than those generally available to the public and terms not to the detriment of minority shareholders.

In addition, the Audit Committee is of the opinion that AMTEL Group has adequate procedures and processes in place to monitor, track, and identify RRPTs in a timely and orderly manner. The Audit Committee reviews the RRPTs' procedures and processes on a yearly basis or whenever the need arises.

2.10 Interests of the Director, Major Shareholder, and/or Person Connected to them

Save as disclosed below, none of the other Directors and/or Major Shareholders of AMTEL and/or Persons Connected to them has any interest, direct or indirect, in the Proposed Renewal of Existing Shareholders' Mandate:

The Proposed Renewal of Existing Shareholders' Mandate, if approved, will not affect the issued share capital and Substantial Shareholders' shareholdings of the Company and is not expected to have any material impact on the gearing of AMTEL Group.

However, the Proposed Renewal of Existing Shareholders' Mandate is expected to contribute positively to AMTEL Group's future earnings and net assets as and when the benefits of the RRPTs are realised.

To: Our Shareholders

Dear Sir/Madam,

PROPOSED RENEWAL OF SHARE BUY-BACK AUTHORITY

1. INTRODUCTION

At the AGM held on 23 May 2024, we obtained your authorisation for the proposed purchase of up to 10% of the total number of issued shares of our Company.

The existing authority for Share Buy-Back is subject to annual renewal and shall lapse at the conclusion of our forthcoming AGM unless renewal is obtained.

On 5 March 2025, we announced that we propose to seek shareholders' approval for the Proposed Renewal of Share Buy-Back Authority at the forthcoming AGM to be held on 28 May 2025.

The purpose of Part B of this Circular/Statement is to provide you with the details of the Proposed Renewal of Share Buy-Back Authority, to set out the recommendation of the Board of Directors and to seek your approval for the ordinary resolution to be tabled at the forthcoming AGM as set out in the Notice of AGM.

SHAREHOLDERS OF AMTEL ARE ADVISED TO READ AND CONSIDER CAREFULLY THE CONTENTS OF PART B OF THIS CIRCULAR/STATEMENT TOGETHER WITH THE APPENDIX CONTAINED HEREIN BEFORE VOTING ON THE RESOLUTION PERTAINING TO THE PROPOSED RENEWAL OF SHARE BUY-BACK AUTHORITY TO BE TABLED AT THE FORTHCOMING 28TH AGM.

2. DETAILS OF THE PROPOSED RENEWAL OF SHARE BUY-BACK AUTHORITY

The Board proposes to seek renewal of the authorisation from our shareholders for us to purchase up to a maximum of 10% of the total number of our issued shares at any given point in time, if it deemed fit and expedient. Any purchase of our own shares by us will be made in accordance with the provisions of the Act, MMLR, our Company's Constitution and any prevailing laws, regulations, rules and guidelines of relevant authorities (as may be amended, revised, modified or re-enacted from time to time).

The salient information on the Share Buy-Back are as follows:-

2.1 Quantum

The maximum number of Shares which may be purchased by us shall not exceed ten per centum (10%) of our total number of issued shares. As at LPD, the issued share capital of the Company is 98,285,757 (including 2,852,900 treasury shares). For illustrative purpose, we may purchase up to 9,828,576 Shares representing approximately ten per centum (10%) of our total number of issued shares. After taking into consideration the 2,852,900 shares held as treasury shares as at LPD, the Company can further purchase up to 6,975,676 shares under the Proposed Renewal of Share Buy-Back.

2.2 Timeframe

The authority for the Share Buy-Back will be effective immediately upon the passing of the ordinary resolution at our forthcoming AGM and shall continue to be in force until:-

- (a) the conclusion of our next AGM following the general meeting at which such resolution was passed at which time it shall lapse unless by ordinary resolution passed at that meeting, the authority is renewed, either conditionally or subject to conditions; or
- (b) the expiration of the period within which the next AGM after that date is required by law to be held; or
- (c) revoked or varied by ordinary resolution passed by our shareholders in a general meeting, whichever occurs first ("Authority Period").

The authority for the Share Buy-Back will allow the Board to exercise the power to purchase our own shares at any time during the Authority Period.

2.3 Sources of Funds

The Share Buy-Back shall be made out of retained profits. We therefore propose to allocate an amount not exceeding our audited retained profits for the purpose of the Share Buy-Back. Based on our latest audited financial statements as at 30 November 2024, the retained profits amounted to RM8,059,657. The funding for the Share Buy-Back is expected to come from internally generated fund.

The Share Buy-Back is not expected to have a material adverse impact on our cash flow position. In addition, our Board will ensure that we satisfy the solvency test as stated in Section 112(2) of the Act before implementing the Share Buy-Back.

2.4 Pricing

Pursuant to Paragraph 12.17 of the MMLR, we may only purchase our shares at a price which is not more than 15% above WAMP for the 5 Market Days immediately preceding the date of the purchase(s).

Pursuant to Paragraph 12.18 of the MMLR, we may only resell or transfer any treasury shares on Bursa Securities at a price, which is:

- (i) not less than the WAMP for the 5 Market Days immediately before the day of the resale or transfer; or

- (ii) a discounted price of not more than 5% to the WAMP for the 5 Market Days immediately before the date of resale or transfer, provided that:
 - (a) the resale or transfer takes place not earlier than 30 days from the date of the purchase; and
 - (b) the resale or transfer price is not less than our cost of purchase of the shares being resold or transferred.

2.5 Treatment of Purchased Shares

In accordance with Section 127(4) of the Act, the Board may deal with any of the Purchased Shares in the following manner:

- (i) to cancel the Purchased Shares;
- (ii) to retain the Purchased Shares as treasury shares; or
- (iii) to retain part of the Purchased Shares as treasury shares and cancel the remainder of the shares.

Accordingly, based on Section 127(7) of the Act, where such Purchased Shares are held as treasury shares, the Board may, at their discretion:

- (i) distribute the Purchased Shares as dividends to our shareholders, such dividends to be known as “share dividends”;
- (ii) resell the Purchased Shares or any of the Purchased Shares in accordance with the relevant rules of Bursa Securities;
- (iii) transfer the Purchased Shares or any of the Purchased Shares for the purpose of or under an employees' share scheme;
- (iv) transfer the Purchased Shares or any of the Purchased Shares as purchase consideration;
- (v) cancel the Purchased Shares or any of the Purchased Shares; or
- (vi) sell, transfer or otherwise use the Purchased Shares for such other purposes as the Minister may by order prescribe.

Pursuant to Section 127(8) of the Act, if the Purchased Shares are held as treasury shares, the rights attached to them in relation to voting, dividends and participation in any other distribution and otherwise are suspended. In accordance with Section 127(9) of the Act, the treasury shares shall not be taken into account in calculating the number or percentage of shares or of a class of shares in our Company for any purposes including substantial shareholding, takeovers, notices, the requisitioning of meetings, the quorum for a meeting and the result of a vote on a resolution at meetings.

The decision whether to retain the Purchased Shares as treasury shares, or to cancel the Purchased Shares or a combination of both, will be determined by the Board at the appropriate time.

Our Company will make an immediate announcement to Bursa Securities of any purchase or resale of the Shares and whether the Purchased Shares will be cancelled or retained as treasury shares or a combination of both.

2.6 Public shareholding spread of AMTEL

The Share Buy-Back will be carried out in accordance with the Prevailing Laws at the time of the purchase including compliance with the 25% shareholding spread requirements as set out in Paragraph 8.02(1) of the MMLR.

Based on the Record of Depositors of the Company as at the LPD, the public shareholding spread of our Company stood at 63,646,056 Shares, representing 66.69% of the total number of issued Shares.

The Board is mindful of the requirement that any purchase of the Shares by us must not result in our public shareholding spread falling below 25% of the total number of issued Shares.

2.7 Previous purchases, resale and cancellation of treasury shares

Our Company has not made any purchases of our own shares in the 12 months preceding the date of this Circular/Statement and thus, there is no resale, transfer or cancellation of treasury shares to-date.

2.8 Historical prices of the Shares

The monthly highest and lowest market prices of the Shares traded on Bursa Securities for the preceding 12 months from March 2024 to February 2025 are as follows:

The last transacted price of the Shares on 5 March 2025, being the last practicable date prior to the printing of this Circular/Statement, was RM0.455.

2.9 Implications relating to the Rules

As it is not intended for the Share Buy-Back to trigger the obligation to undertake a mandatory offer under Paragraph 4.01 of the Rules, by any of our substantial shareholders and/or parties acting in concert with them, the Board will ensure that such number of Shares are purchased, retained as treasury shares, cancelled or distributed such that the Share Buy-Back would not result in triggering any mandatory offer obligation on the part of our substantial shareholders and/or parties acting in concert with them. In this connection, the Board is mindful of the requirements when making any purchase of the Shares pursuant to the Share Buy-Back.

3. RATIONALE OF THE SHARE BUY-BACK

The Share Buy-Back, if exercised, is expected to benefit us and our shareholders as follows:

- (a) We expect our EPS would be enhanced (in the event where the Directors resolve to cancel the Purchased Shares and/ or retain as treasury shares and the treasury shares are not subsequently resold), and thereby long-term and genuine investors may benefit from the increase in value of their investments in the Shares;

- (b) If the Purchased Shares are kept as treasury shares, the Directors may have an opportunity to sell the Purchased Shares at a higher price and make exceptional gain. Alternatively, the Purchased Shares can be distributed as share dividends to our shareholders or transfer to employees under an employees' share scheme and serve as reward to our shareholders / employees; and
- (c) We may be able to stabilise the supply and demand of the Shares in the open market and thereby support our shares' fundamental value.

4. POTENTIAL ADVANTAGES AND DISADVANTAGES OF THE SHARE BUY-BACK

4.1 Potential advantages of the Share Buy-Back

- (i) The Share Buy-Back, if implemented, will allow us to take preventive measures against speculation which would in turn, help stabilise the market price of the Shares and hence, enhance investors' confidence.
- (ii) We would have the opportunity to realise potential capital gains if the Purchased Shares are resold at prices higher than the purchase prices and such proceeds may be subsequently utilised for working capital and investment opportunities that may arise in the future.
- (iii) The Purchased Shares (if retained as treasury shares) may serve as an alternative to reward our shareholders in the event we distribute the treasury shares as share dividends.

4.2 Potential disadvantages of the Share Buy-Back

- (i) It will reduce the immediate financial resources if the Share Buy-Back is implemented. However, we may recover or even increase our financial resources if the Purchased Shares that are held as treasury shares are resold in the market at higher prices.
- (ii) We may have to forego other investment opportunities which may emerge in the future and/or any income that may be derived from other alternative uses of such funds, such as deposit in interest bearing instruments.
- (iii) Our cash flow may be affected if we decide to utilise bank borrowings to finance the Share Buy-Back.

The Board does not expect the Share Buy-Back to result in any material disadvantage to us and our shareholders as it will be implemented only after taking into consideration that there is adequate cash flow to fund our Group's working capital requirements and/or dividends to be paid to our shareholders prior to allocating the available resources for the Share Buy-Back. As mentioned in **Section 2** of this Circular/Statement, the Board, in exercising any decision to purchase any Shares will be mindful of the interests of our Company, Group and shareholders.

5. EFFECTS OF THE SHARE BUY-BACK

5.1 Issued share capital

The total number of issued shares of the Company as at LPD is 98,285,757 ordinary shares.

	No. of AMTEL Shares
Total number of issued shares as at LPD	98,285,757 [#]
Maximum no. of ordinary shares to be purchased and cancelled pursuant to the Proposed Share Buy-Back	(9,828,576)
Resultant number of issued shares after the Proposed Share Buy-Back	<u>88,457,181</u>

Notes:

- # The total number of issued shares is inclusive of the treasury shares held by the Company. As at LPD, the number of AMTEL Shares held as treasury shares is 2,852,900, none of which are cancelled.

The Proposed Share Buy-Back will have no effect on the total number of issued shares of the Company if the Purchased Shares are retained as treasury shares.

5.2 NA per Share and gearing

The effect of the Share Buy-Back on our NA per Share is dependent on factors such as the number of the Shares which we will buy-back, the purchase price of the Shares at the time of the buy-back, the treatment of the Purchased Shares and the funding cost, if any.

The Purchased Shares that are retained as treasury shares would result in a decrease in the consolidated NA by the acquisition cost of the treasury shares, as the treasury shares are required to be carried at cost and would be offset against the equity. The acquisition costs for future Purchased Shares are unknown at this juncture. If the treasury shares are subsequently cancelled or distributed as share dividends, there will be no additional effect on our consolidated NA.

In the event the Purchased Shares that are retained as treasury shares are resold in the open market on Bursa Securities, our consolidated NA per share will be affected by the resale value of the Shares. In the event the resale value is higher than the cost, there would be a net increase in our consolidated NA per share. On the contrary, in the event the cost is higher than the resale value, there would be a net decrease on the consolidated NA per share.

If the Purchased Shares are retained as treasury shares, whether or not subsequently cancelled and/or distributed as share dividends, our consolidated NA per Share will decrease if the purchase price of the Shares exceeds the consolidated NA per Share, and if the consolidated NA per Share exceeds the purchase price of the Shares, the consolidated NA per Share will increase.

5.3 EPS

The effects of the Share Buy-Back on our EPS are dependent on the purchase price of the Shares and the effective funding cost of such purchases or loss in interest income to our Group, if internally generated funds are utilised.

Furthermore, the Share Buy-Back, regardless if the Purchased Shares are maintained as treasury shares or cancelled, will result in a lower number of Shares being used for the purpose of computing the EPS. Hence, the Share Buy-Back will likely improve our EPS, which in turn is expected to have a positive influence on the market price of the Shares.

In the event the Purchased Shares which are retained as treasury shares and subsequently resold, the extent of the effect on our EPS will depend on the actual selling price, the number of treasury shares resold and the effective gain or loss, and the interest savings arising from the exercise.

5.4 Convertible securities

As at the LPD, we do not have any existing convertible securities.

5.5 Working capital

The Share Buy-Back will result in cash outflow and thereby reducing our working capital, the quantum of which is dependent on the purchase prices and the number of Shares repurchased and the funding costs, if any. Nevertheless, the Board will take into consideration, the interests of our Company and our shareholders as well as to assess our working capital requirements prior to the Share Buy-Back.

5.6 Dividends

The Share Buy-Back, if carried out, is not expected to have any material impact on the Board's decision on the payment of dividends. Nonetheless, if the Purchased Shares are retained as treasury shares, the treasury shares may be distributed as dividends to the shareholders if we so decide.
